Motorbike Garments Manufacturer

[www.impetus.pk](http://www.impetus.pk)

**Sedex**

**BSCI**

Impetus is operating in the garments industry since 1995. Being a family based growing business, we take immense pride in our commitment to craftsmanship, innovation, and excellence.

Our core concentration remains with the motorbike industry since day 1, however in the work of expanding our operations and diversify our product line, we now proudly manufacturer garments to various disciplines, a as for cycling, moto-cross, skiing, fashion and racing. our extensive experience in the industry, coupled with our dedication to using cutting-edge materials and manufacturing techniques, allows us to produce garments that not only perform at the highest level but also offer superior comfort, durability, and style. We therefore, offer premium quality garments and gloves, in all kinds of fabrics, denim and leather which are totally customizable as per client's brand aesthetics and designs.

As for now we employ more than 700 employees in our factory, with advance technology in place, we are able to produce bulk quantities with all the processing being done in house. Our company is fully certified with compliance to top safety standards for our workforce and for our clients. As per the market's demand we have got some good links with our suppliers, locally and internationally, hence getting hold of the raw material on time is never a problem for us, ensuring high levels of productivity, enabling us to offer competitive pricing with premium quality.

We proudly state that the company has been ever growing towards success, as we are already dealing with some well-known brands internationally, through the quality of work and service speaks for itself. However, we believe that there is always a potential for growth as we look to target more markets around the globe with our diversified product line, and prioritizing customer satisfaction as forever.
